

333 Corporate

Marketing and communication
for the swine industry 2025

Who are we?

25+ years

For over 25 years we have created a unique **professional community** in the swine industry.

We are the leading brand for swine professionals:
technical content, a specialized social network, training, and an online store.

We have more than 3.8 million users/year across our 15 editions, published in 10 languages.

By offering our services and online portals, **we boost our customers' reputation** globally and innovatively.

Mission

We have offered **quality products and services** for professionals in the swine industry since 1998.

Vision

To be the **global online reference platform** for professionals in the swine, veterinary, and livestock industry. Providing high-quality, reliable, and professional content and services.

Purpose

We are a team committed to the **advancement of the agri-food sector**, managing a community of more than 150,000 professionals dedicated to feeding a growing world. We want to educate, connect, and provide high-value products for their farms.

Values

01 **Trust**

02 **Responsibility**

03 **Passion**

04 **Transparency**

05 **Commitment**

06 **Independence**

The largest **professional community** in the swine industry

150,000+
active users in 2025

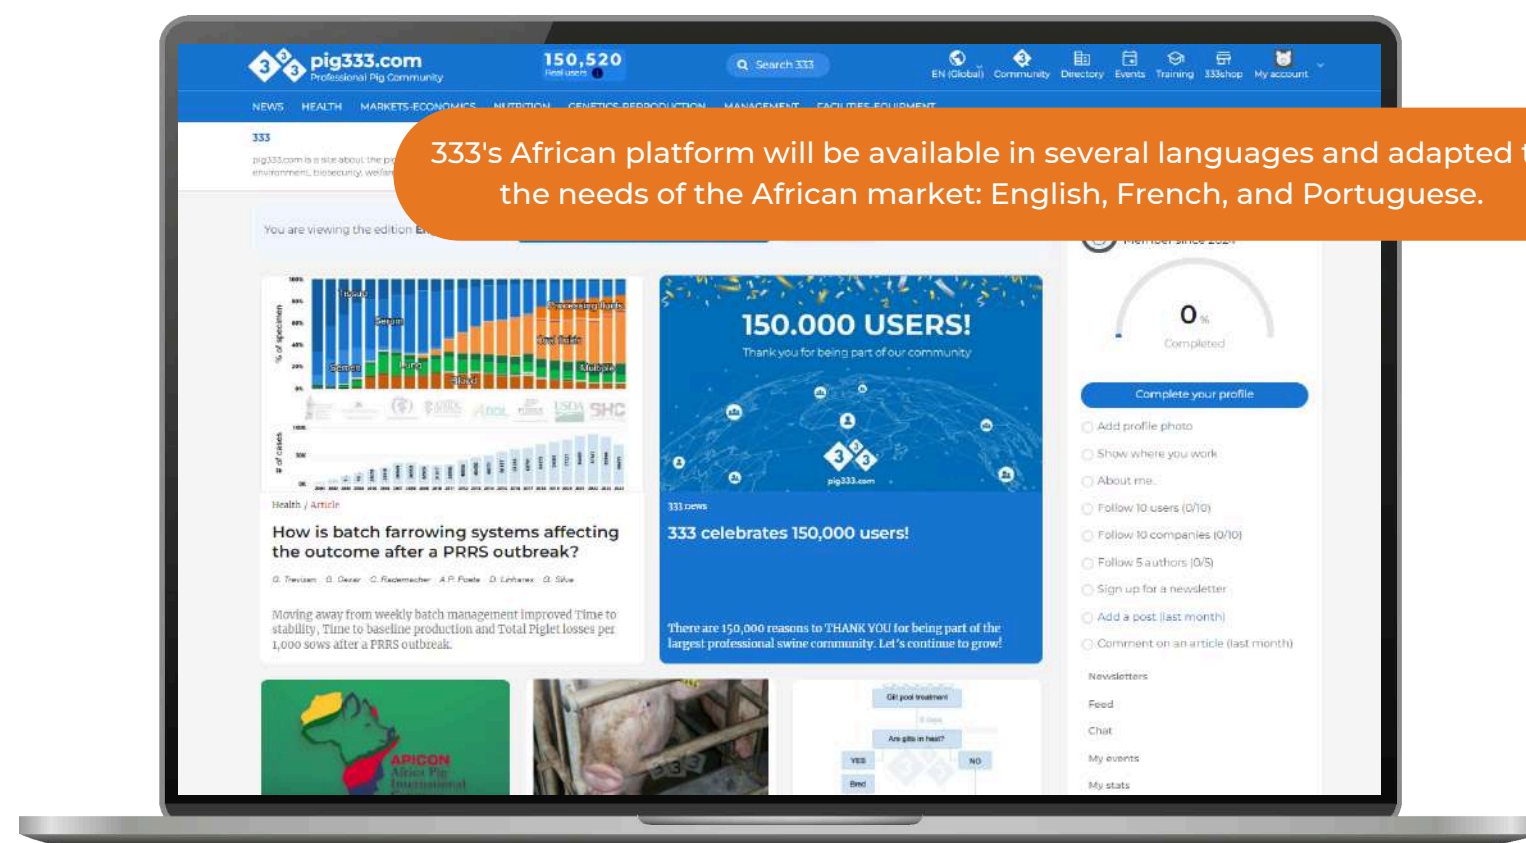

Publishing independent and quality content about the swine industry since 1998. Created by world-renowned authors (>1K authors). This makes 333 a source of accurate, objective, and rigorous information.

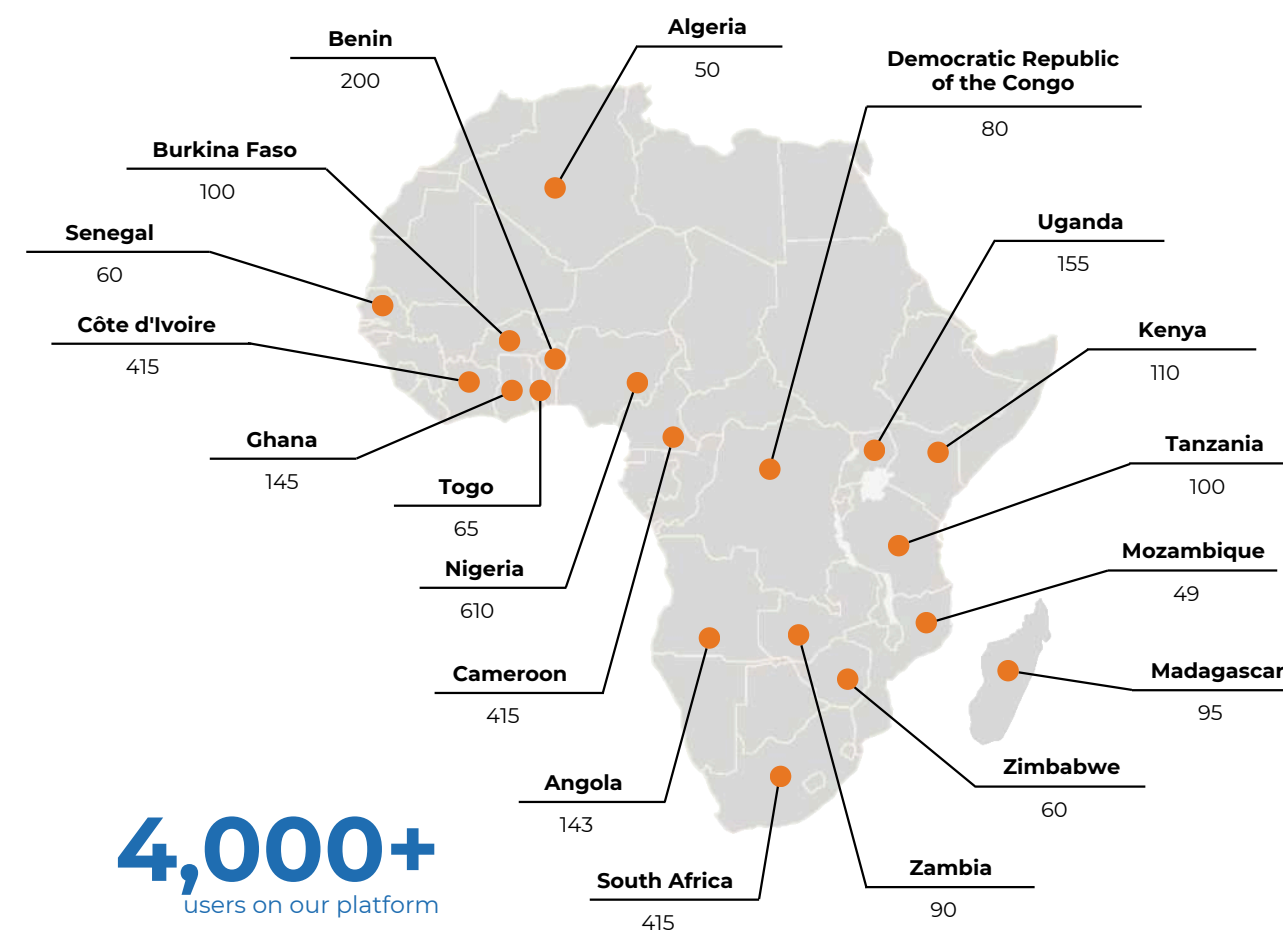

New challenge: Africa

333 enters the African market with the aim of providing **experience** and **knowledge** to boost the sector's development in Africa.

333 will work closely with the African swine community, providing **training** and tailored **tools** to address local challenges.

333's African platform will be available in several languages and adapted to the needs of the African market: English, French, and Portuguese.
