Vitamins to VEGA!

21st. Jan. 2025

VITAMIN: VIT B12

01

Recently, the vitamin B12 market has shown a positive trend of foreign stockpiling, increased inquiries, and the procurement plan is mainly focused on the first half of 2025, the international market demand for vitamin B12 has increased in the short term, and the expectations of end customers for the current market price tend to be stable.

AMINO ACID: Methionine

02

2025 January 20 CUC solid methionine offer increased: from now on, Ningxia CUC solid methionine product offer increased by 12%. End-users are bearish about the market in the early stage, not much inventory, the factory offer increase stimulates the user inquiry, but the overall transaction is not much, pay attention to the recent enterprise production adjustment and export situation.

API: Amoxicillin

03

Amoxicillin, the recent market price shock adjustment, the factory price support in the early period, but the market demand is general, the price has slipped, the recent market price at 230-240/kg, the recent market is expected to remain weak and stable operation.

FOOD ADDITIVE

04

Recently, BAOLINGBAO announced that in 2024, it expects net profit from attributable sources to reach 108 - 124 million yuan, a strong year-on-year increase of 100% - 130%. The company launched a differentiated fruit glucose syrup, high-end prebiotics and other high value-added products are very popular in the market, functional sugar, sugar substitute for the growth in demand also added to the profit. At the same time, the erythritol market rebound, they borrowed the EU anti-dumping opportunity to reconstruct the European market, international competitiveness is further enhanced.
